why WLS

## Green

A recognized pioneer in sustainable landscaping, we use green technology and native plants to conserve energy and the environment.

## Local

Locally-owned and operated, we partner with local businesses, so our landscaping projects benefit the local economy.

## Value

We offer the personalized attention that only a boutique company can provide, so you receive the best landscaping for the best value.

greening landscapes and  
beautifying communities  
since 1987
